**Part Number:**  
ATLAS

**Finished Thickness:** 0.062"

**Number of layers:**  
4

**Smallest Hole Size:**  
0.015"

**Solder Mask Type:**  
LPI

**Silkscreen Color:**  
White

**CNC Route Points:**  
4

**Tab route:** No

**Counter Sink:** No

**Milspec Board:** No

**Total No. of holes:**  
1012

**Controlled Dielectric:** No  
**Mixed Copper:** No

**Solder Mask Plugged Vias:** No

**Revision:** NR

**X Dimension:** 5.50 inches

**Min Trace Width:**  
0.007" or more

**Gold Fingers:** None

**Solder Mask Color:** Green

**Finished Copper:**  
1 oz

**Electrical Test:**  
No

**Scoring:** No

**Counter Bore:** No

**Blind Vias:** No

**Number of holes per square inch:**  
46.70

**Controlled Impedance:** No  
**Edge Plated Holes:** No

**Class 3 Board:** No

**Material:** FR4

**Y Dimension:** 3.94 inches

**Min Spacing:** 0.007" or more

**Finish:** HAL

**Silkscreen:** Top side

**Inner Layer Copper:** 0.5 oz  
**SMT Pads Present:**  
Yes

**Plated Slots:** No

**Plated Edges:** No

**Buried Vias:** No

**Boards in Array:**  
No

**Internal Cutouts/Slots:** No  
**Conductive Epoxy Filled Vias:** No

**Other Special  
Requirements: No**

**How to calculate turn-times**

We offer a very generous cut-off time. Our cut-off time is 5:00 PM (For same day turns, cut off time is 7 am.) If a file comes in by cut off time on a certain day, the next business day is counted as Day 1, and so on. Same day orders received before 7 am will ship by midnight on the same day by plane courier.

**Example 1:** a 3-day turn placed by Tuesday before 5 PM will be shipped by 5 PM on Day 3, which is Friday.

**Example 2:** a 1-day turn placed by Wednesday before 5 PM will ship on Thursday 5 PM
